Experience

Intraprise Solutions Teams with HEP and BluePrint to Launch Intraprise Health

Stradley Ronon represented Intraprise Solutions in its teaming with Health Enterprise Partners (HEP) and BluePrint Healthcare IT to launch Intraprise Health, a provider of customized, secure engagement/CRM solutions and security services that allow providers and business associates to safely and confidently collaborate with patients in a health, wellness and care delivery environment.

Intraprise Solutions is a provider of specifically tailored information technology solutions that create value for large financial services firms and forward-thinking healthcare organizations.
